MONONGAH GLASS WILL PLAY FAST LOCAL TOSSERS

Good Game Promised Fans at
Ball Park—Another One
on Sunday Afternoon.

A good game is booked for Blackshore Park on Sunday afternoon. The contending teams will be the Fairview Independents and the Idamay-Monongah team. These are two of the fastest teams in the county and one of the best games of the season is expected. The game will be called at 3 o'clock, and local fans can leave here on the 2 o'clock car over the Mannington line and arrive at the ball park in time for the opening of the contest. It is thought that a large number of the local baseball bugs will make the trip to Blackshore on Sunday afternoon.

A practice session has been ordered for the newly organized Fairmont Elks team this evening at 5:30 o'clock at South Side Park. The new uniforms have arrived and will be distributed this evening. The first game of the season will be played tomorrow afternoon with the Monongah Glass team. The game will be staged at South Side Park, and is booked to start at 3:30 o'clock.

With the scholastic season over, the independent teams in this section will have to furnish the baseball for the fans during the summer months.

FLINT GLASS MEN BUSY WITH PLANS

Engaged in Arranging for
Big National Convention
July 1-15.

Committees are busy working out plans for the national convention of the American Flint Glass Workers which will be held here for two weeks, beginning July 1. There will be 500 or 600 official delegates and many visitors, the committee members stated today.

Traction Park at Monongah has been engaged for a Fourth of July celebration by the glass workers, and it is estimated that 10,000 persons in all will attend this event. Local people and glass workers from all of the northern section of the state and Western Pennsylvania will be invited. The national officers will be paid special honors at Traction Park. Traction Park is large enough to accommodate even more than the number of persons expected.

The glass workers' convention will bring \$15,000 here, according to a committee estimate, made on the basis that it is customary for each delegate to spend \$150 on his convention trip. To accommodate the visiting delegates, local hotels will not only be thrown open but many local homes will be called upon to care for visitors.

Funds have been raised to pay for the entertainment, the committee has announced. The last event, a baseball game, netted a large sum and other business ventures were successful, so that the local flint glass workers' union is now on a sound financial footing and can promise first class entertainment to its guests.

BRANCHES OF NATIONAL BANKS MAY BE APPROVED

WASHINGTON, June 2.—Early decision by Comptroller of the Currency Crissinger on the question of right of national banks to establish agencies may be expected, it was said today at the treasury.

Considerable discussion has arisen lately, officials said, as a result of announcements by some national banks of their intentions to establish branches. While there has as yet been no ruling by the comptroller, officials declared they believed he was of the opinion that branches would not be established, although he is considering a ruling promoting national banks to operate agencies.
